The Role of Shri Ram IAS in Shaping Aspirants

Among the numerous coaching centers in Mukherjee Nagar, Shri Ram IAS has carved a niche for itself. Its ethical teaching practices and focus on individual mentorship set it apart. Recently, Shri Ram IAS was featured on News18, highlighting the instituteâ??s commitment to guiding UPSC aspirants. Sanjay Sinha, the founder of Shri Ram IAS, has been a guiding force for students since 1995. His insights into UPSC preparation and the challenges faced by aspirants have earned him respect in the academic community.

Misleading Practices in the Coaching Industry

In his News18 interview, Sanjay Sinha exposed the unethical practices of some coaching centers. These centers often claim false results by showcasing toppersâ?? interviews or using their photos in advertisements. Such deceptive marketing tactics mislead students into believing that success is guaranteed only through these centers. This commercialization has turned Mukherjee Nagar into a hub of flashy promotions, overshadowing genuine mentorship.

Consumer Courtâ??s Action Against False Claims

The central governmentâ??s consumer court has taken action against several coaching institutes in Mukherjee Nagar. Fines ranging from 4 to 5 lakh rupees were imposed on centers found guilty of misleading students. These actions aim to curb unethical practices and protect students from being exploited. Shri Ram IAS has always maintained transparency, focusing on genuine results rather than resorting to marketing gimmicks.

Importance of NCERT in UPSC Preparation

Sanjay Sinha stressed the importance of NCERT books as the foundation for UPSC preparation. He pointed out that students from non-CBSE boards often face difficulties as they must re-learn key concepts. Moreover, the declining quality of education in schools and colleges adds to their challenges. Aspirants often struggle to write structured answers, a crucial skill for clearing the UPSC exam.
