- NCERT Courses: â?¹20,000 for 6 months
- PCS Courses: â?¹50,000 for 1 year (Covers many states)

Small Batches, Better Learning

We believe small batches are best for UPSC coaching. Each student gets time with teachers. Doubts are cleared on time. Classes are more interactive. You feel confident to ask questions and share your views.

Whether you join online or offline, we follow this batch size rule. It helps create a focused learning environment. You learn faster and better when there is less noise and more clarity.

Online Classes â?? Same Learning, Same Teachers

SHRI RAM IAS

Canâ??t come to Delhi? Donâ??t worry. **SHRI RAM IAS** offers full online batches too. You can attend live classes, interact with teachers, and get your doubts cleared from anywhere in India.

Online students get access to:

Live Classes

Online students attend live classes from home with full focus. Teachers explain each topic step by step in real time. Doubts are cleared instantly during the class itself. These sessions help students stay disciplined and follow a fixed routine.

Recorded Lectures

All live classes are recorded and saved for future viewing. If a student misses any class, they can watch it later without worry. Recorded lectures also help in revision before the exam. Students can pause, rewind, and understand topics at their own speed.

Study Material

Online students receive the same study material as classroom students. Notes, booklets, and PDFs are uploaded on time in their portal. The material is based on the UPSC syllabus and recent trends. It is written in simple words for easy understanding.

Tests and Evaluations

Regular tests are held online for every subject and topic. Students submit their answers through the platform itself. Teachers correct the papers and share detailed feedback. This helps students know their

weak areas and improve quickly.

Personal Attention

Even in online mode, personal attention is given to every student. Teachers are available for doubt-solving through live chat, email, or video call. Each batch has limited students, so no one feels left out. SHRI RAM IAS believes in guiding each student properly.

The same expert teachers handle both classroom and online sessions. So, you donâ??t miss out on anything.
